Mentoring

Every Youth Needs a Champion

At Christ's Haven, we believe every young person deserves dignity, hope, and a genuine place to belong. Our mentorship program pairs youth with compassionate volunteer mentors to build meaningful friendships that bring stability and connection to their daily lives.
By honoring each youth's unique journey and supporting who they are becoming, our mentors serve as partners, encouraging them every step of the way.

We have a high demand for male mentors to step up and make a difference in a young man's life.

Steps to Become a Mentor

Mentorship is a rewarding volunteer role. To ensure the safety and success of our youth, mentors complete the following onboarding steps:

- Complete a mentorship questionnaire
- Background check and fingerprint verification
- Signed waivers and Duty to Report agreement
- Proof of valid car insurance
- Approximately 7 hours of online training
- A brief home visit by Christ's Haven staff
